

**Updates from 2018 Annual SOHA Meeting---- ETC:**

Dues will stay at \$190.00 for 2019; Our total expenses for the year came in under budget for 2018. Expected Expenses for 2019 Enclosed.

Our Web Site has been upgraded: Check us out at [Shelbyorchards.org](http://Shelbyorchards.org)

We have new Lawncare and Fertilizer and Entrance Landscape Vendors. They have done a credible job for a few dollars less.

Trees on the East Side of the Front Entrance were trimmed. They may need more attention this Year.

We have New Snowplowing Vendors for 2018/2019....We expect to save a few Dollars here as well. Please give us your feedback.

Christmas Decorations: We were happy with the Entrance Decorations, but not so much with the light post decorations. We will be exploring new vendors and options here. Please make recommendations,

Planned Front Entrance Upgrades:

We will clear out the dead brush from the bottom of the large evergreens at the front entrance behind our wall. We then will plant more hardy shrubs to fill in the open space. This will give us a "Cleaner" look and provide more shrubs to have Christmas lights on them as well.

We planted Tiger Daylillies last spring just in front of the low portion of the wall to add color and to enhance the "Look" of our Entrance. Hopefully they survived the Polar Vortex.

Warm Thoughts to All.  
Thanks, SOHA Board
